leather

protect from direct sunlight, heat and weather. dust with a clean dry cloth or use the soft brush attachment on your vacuum cleaner. remove all liquid and food spills immediately. wipe with a clean cloth dampened with proprietary brand leather cleaner suitable for a surface finish leather in accordance to the leather suppliers instructions. do not use shoe, saddle, or floor polishes or laundry cleaning products.

custom specified upholstery

please refer to individual suppliers for information on care and maintenance of fabrics that have been specified by a designer, as these will be outside the standard grazia&co range. most interior upholstery fabric should be regularly vacuumed and kept away from direct sunlight.

marble and granite

surfaces grazia&co use various marbles, granites, bluestone and tiles. these stones are a natural product so the colour and veins can vary. these hard surfaces can be cleaned with warm soapy water. leaving food residue or liquid on the stone for an extended period can penetrate the stone and cause permanent staining. staining and chipping of the stone is not covered under the warranty and is considered general wear and tear.

powder coat

items wash as required with warm soapy water using a soft clean cloth. for marine or commercial environments, we recommend regular cleaning. do not pressure wash or steam items that are powder coated. if powder coating chips due to a knock and / or rough treatment this is not covered by warranty. touch up paint can be purchased on request (depending on availability). scratches and chips should be repaired as soon as they appear.
